Thread: [Real easy .doc exploit {Great Spreading Method}](#)

The intruder - February 1, 2016, 7:06 pm

i have a real easy doc exploit that turns your exe virus into .doc format, if you are curious about this exploit pm me and i will give you more info.

This made my day totally.

Armada - February 9, 2016, 7:53 am

Macro exploit is nothing new, further if you are using someone elses software to generate these macros you are likely breaking their TOS.
