Avatar or Sig: Signature

Animated(yes or no): No

Dimensions: [120x120 for avatar]

Text: Astral

Font: Some jumbo letters like [this](#), but not these exact ones (I don't know fonts really. I just want it like that, but something more readable.)

Required Resources: My [avatar](#) (Just to the left of the text)

If you could make it so there's no background, that would be sick as fuck! Thanks in advance if you do mine buddy.
