Mostly natural but I explain and give examples of old school canned material.

James Burnham - February 12, 2016, 2:55 pm

Bought the ebook. It looks good! One of the few ebooks from hackforums that I will store in my kindle!

King Cin - February 12, 2016, 4:53 pm

Tried to make this eBook as short as possible so you can implement it immediately. If you take enough action you can even get yourself a Valentine's Day date.
