Thread: [Award Purchasing Question](#)

NGMA - February 6, 2016, 2:40 pm

How long does it usually take for an award to appear after buying it via the CoinPayment system? I paid in BTC.

?Alexander - February 6, 2016, 2:41 pm

as soon as it's confirmed

Heart - February 6, 2016, 2:41 pm

up to 48 hours.

i did mine while admins were online so it only took ~ 45 minutes

Maximum - February 6, 2016, 2:42 pm

You'll get it shortly after the 2 confirmations through coinpayments.

Geass - February 6, 2016, 2:42 pm

OP you got your answer but still people will keep posting the same thing over and over :P

w?????illiam???? - February 6, 2016, 2:42 pm

Took me about 5m, I believe. Can take up to 24hr as stated above, if it takes longer than 48hr, contact an admin w/ the transaction ID. :) Thanks for contributing to the forum.

You have to wait until 2 confirmations, once that happens you have to wait for the funds to be sent to Omniscient, once everything is good to go your profile automatically gets updated with the award you purchased, it's all automatic.

Awesome. Thank you all for the help, hopefully it happens rather fast.

Edit: Got an email from Witza and 3 confirmations.

Bluffer - February 6, 2016, 3:48 pm

I thought it was automatic but I guess Omniscient has to manually give you it?

Thanks crusade ;) and it's not wasting if you want it.

I'm actually in the process of seeing if omni accepts moneygram, otherwise it'll take much longer than anticipated.

If its in moneygram, there may be overpay(Since i dont think omni has that readily available, not in the like [Help Docs](#) so :p

If you do buy grand amethyst, thanks for contributing to the site my friend ?

Ah, he doesn't accept MG or WU, so I'd have to get some of my money and turn it into BTC.

Elijah Mikaelson - February 6, 2016, 6:21 pm

Why the fuck aren't you upgraded yet ? Hopefully in 24 hours.
