Thread: [If you could eliminate one whole Group. Who would it be?](#)

Romantic - February 8, 2016, 2:30 pm

WARING: DON'T BE RACIST.

By "Group" I mean like Gamers, 15 year old girls, Web's basically whatever groups of people you just can't stand.

I, Personally, would eliminate every single Sneakerhead. You people don't make sense to me.

Anyone else?

The weeaboos for sure. Disgusting creatures.

Stack Overflow - February 8, 2016, 2:35 pm

Feminazis, fam. You know, the extremist feminists with short fuses that want to protest anything that appeals to men. However, feminists who are striving for equal pay and all that jazz are no problem. This makes the distinction between "feminists" and "feminazis."
