Thread: [600 Breezy This good as hell](#)

RootBite - February 8, 2016, 2:52 pm

[Video: <https://www.youtube.com/watch?v=sxjLNJcmBzM>]

I really like 600 breezy's songs, especially since his 24 bars songs are because of LA Capones 600 barz album.

I met 600 breezy when I used to spend my time in chicago.

When he first came out he was average, I can see he's not just another MC from Chi. He's honing his craft and I fuck with that, give him another year.
