Thread: [Re-release > My personal method that made me over \\$5,000 < Get it while it lasts](#)

Balding - February 8, 2016, 7:19 pm

NO VOUCH COPIES WILL BE GIVEN OUT. PLEASE DO NOT ASK. IF YOU DO YOUR POST WILL BE REPORTED FOR VOUCH BEGGING.

2/4 COPIES ARE AVAILABLE

\$200 per copy - BTC only PayPal from some.

I WILL NOT PM YOU IF YOU ARE INTERESTED. YOU ARE TO PM ME.

This method has made me over \$5,000 in BTC and then some. I will only be selling 4 copies to keep this from being saturated. I sold a different method on another thread. This is a totally different method.

No investment is required apart from the \$200 for the method.

This method is not..
CPA

Gambling

Hacking shit

Selling on eBay/Amazon

Etc

You'll earn back your investment in 20 minutes tops.

Don't pm me unless you're serious about buying and are ready to show proof of funds.

Biometric - February 8, 2016, 7:20 pm

PM me a bit of detail on what this entails? Interested, thanks.

So I pay you \$200 and I'll have that back within half an hour? That sounds too good to be true. ?

So do a lot of things. My methods aren't bullshit.

I'll pm you a little preview ;)

Doodlegod - February 8, 2016, 7:39 pm

Seems very interesting. You say I can make \$200 in 30 minutes, right? So I could make \$400 an hour unlimitedly? Or is there a limit daily/weekly/etc?

Thanks.

There's no limit to the amount on times this can be done or repeated.

Doodlegod - February 8, 2016, 7:44 pm

I'll wait this one out just because of the above posts and I want to see what others have to say. Seems odd to be making \$400 an hour unlimited amounts of times but you know, may be possible.

Good luck with sales - I've seen you around a lot and such and know you're legit, I just can't trust many methods anymore lol!

Doodlegod - February 8, 2016, 7:48 pm

Sure thing. Good luck man. Hopefully someone here has \$200 BTC to spare and will cop this real quick so I can see if it's legitimate!

Balding - February 8, 2016, 8:15 pm

Get this while it's being sold. You won't regret the investment :)

w?????illiam???? - February 8, 2016, 8:16 pm

In a call with Bald right now, he explained a bit of the method and it seems legitimate, can't fully vouch since I didn't buy it yet, but I know he is legit. :) Buy this stuff

cobey321 - February 9, 2016, 2:12 pm

awaiting vouches/proof of payment then may purchase

SureDawgg - February 9, 2016, 2:21 pm

Why would you sell something when you said you'd make the amount you purchase the ebook in 20

minutes? wouldnt you rather have in unkown and make your money by yourself?

There's no possible way this can be saturated so no. I'm just doing it on the side for extra money.

Growlithe - February 9, 2016, 2:23 pm

Do you need a paypal account for this method?

Balding - February 9, 2016, 2:23 pm

No sir, you don't need one at all.

.Fox - February 9, 2016, 10:09 pm

Lol, gl selling these copies man

NealCaffrey - February 9, 2016, 10:18 pm

You said you're only selling 4 copies to stop it from being saturated, then say it can't be saturated which is why you're selling it? Which one is it?

PM me a little more info and I'll buy it. Does it work in any country? I'm from the UK. Are the payments in BTC? What do I need to get this done?

LowBeams - February 14, 2016, 3:13 pm

I will purchase it if you are willing to use a middle man.

Purchased. Waiting to see funds go up before believing or not.
