Thread: [\\$10 - PayPal Guru - Learn how to win disputes and prevent limitations! Autobuy](#)

Orgy - February 12, 2016, 1:57 am

PAYPAL GURU

Hey Guys! Today I want to present you with something truly special, a revolutionary product that will not only teach you exactly how I win disputes on PayPal but also how I prevent limitations AND remove existing limitations! Better yet, I'm offering it for a price lower than what you'll be winning in your first dispute! That's right, for ONLY \$10 I'm giving you the ability to secure your PayPal Funds & Account!

What's really going to piss you off? HOW SIMPLE IT IS!

Sadly, you've been led to believe dealing with PayPal is difficult or all together impossible. WRONG. It's easy... and I'm going to teach you EXACTLY how to do it!

This is NOT a Money Making eBook.

This is a Money SAVING eBook!

So Why Did I Make This Book?

Because, not only am I saving you time, but after receiving 2-3 messages on the topic EVERY SINGLE DAY I'm saving myself time by putting all my knowledge into this simple, short and intuitive guide for becoming your own PayPal Guru!

What Does This Package Include?The #1 Guide to WINNING with PayPal

My PERSONAL Support for Anything Regarding PayPal

More importantly, A less stressful future for you!

Now because I'm SO confident in the knowledge I provide you in this guide I'll only be accepting Bitcoin and Ethereum payments! No longer will people accuse me of working for PayPal, Now it's YOUR turn!

Sincerely,

Orgy -The PayPal Guru

Method: 9.5/10

The author is an experienced Paypal user, I haven't even heard of these methods before. The author explains what to do in various scenarios that pop up that are likely to work. You won't win %100 of your cases of course, but you'll be winning a lot more than you did before - that's for sure.

Layout: 9/10

The layout is very simple, personally I like this a lot better than unnecessary space-filling graphics. I'm sure if you've used Paypal before, you know where everything it is - it isn't hard. Easy on the eyes, good font.

Language: 10/10

This took me 5 minutes to read and I'm 100% more confident selling items on Paypal. The language is simple, succinct and gets IMMEDIATELY to the point. There is absolutely no filler in this e-Book, thankfully. You'll see what I'm saying after purchasing the book.

Overall: 9.5/10

This is a great purchase for those of you who are serious about Paypal. For only \$25 you can save potentially hundreds, and it'll only take you 5 minutes to read.

Just purchased the ebook.

While it is very short, it has some good general info in there when dealing with paypal disputes as a buyer or seller. Although in my opinion the real value here is orgy's personal assistance & advice on a case/dispute..

So far what we have discussed has been very helpful to my current dispute (as a buyer).

I now have a strategy going forward & feel much more confident I can win the case. Will update with the result in the future :)

Because my book quite literally teaches people how to make it harder on me to win?

8miles - April 1, 2016, 9:00 am

Vouch! This will help alot of people

minimalist - April 1, 2016, 9:01 am

Bumping this for Orgy, nobody should be excused for their stupidity if their PP accounts are fucked.

Orgy - April 1, 2016, 2:02 pm

thanks for the bumps fellas

I had a question about a dispute I received for some random payment (Didn't even remember what it was from) Orgy hooked me up with the discount he's now offering to everyone... Long story short I bought the book and won the dispute that night.

For the money you can save or even make with this thing you'd be a fool not to buy it!

MathiasHansen - April 3, 2016, 6:22 am

I bought this a few days ago with this lovely 20% off coupon, and I have honestly never seen any of these methods before. They are so simple to follow, but so well thought-out.

Big vouch.

?Skwiid - April 3, 2016, 1:58 pm

Just bought this ebook and it contained very helpful information. Don't hesitate to buy it if you are currently in a dispute/chargeback.

GrandpaSherman - April 3, 2016, 3:21 pm

If I had to title one person as a 'Paypal Guru' it would absolutely be Orgy.

Throw me a copy :D:D:D:D

It's well worth the money, like I said I made it back and more in the first dispute I had (The reason I bought this)

Seems interesting enough, but paypal protects the buyer the majority of the time.

It's so simple to do an unauthorized access it's disgusting.

It's really not hard to win unauthorized disputes. This book covers that.

Eh that's only going to work once or twice anyway. If you keep claiming your paypal has been hacked with these unauthorized transactions they are going to run an investigation since it's sus as hell your paypal keeps becoming compromised. This is assuming you prepared properly for it, otherwise you will lose.

SIM-82498 - April 6, 2016, 5:57 am

This book saved my ass here and there in regards to disputes man. Bumpity.

RYLTY - April 10, 2016, 8:38 pm

Orgy helped me win a dispute a while ago. If anyone knows PayPal, it's him. Buy this shit up if you wanna win at PayPal fam.

Hey Orgy,

I am really interested in this. So interested I am giving you a free bump instead of PMing.

Will it work if the items I receive payment for on Paypal are sold on eBay?

And, a question that goes hand in hand with the previous one, will it work if the customer opens a "defective item" claim?

Thank you!

I'd buy this if PayPal was a payment method. Confused why you sell a PayPal E-book but don't accept PayPal.

I called PayPal to know why it was closed and limited.

Answer: "Sir, we cannot disclose the reason of your limitation. Good day".
Do you have a way to make them tell me, OR reopen my account? My SSN and all valid infos were in there.

Hi how can I buy this Orgy???? I would love 2 learn.

st0nedpr0grammer - August 17, 2016, 6:10 pm

I give my personal vouch for this product, and trust me that is a rare occurrence. I would like to emphasis that the quality support you get alone here makes this worth buying. OP is essentially a tenured faculty member of Paypal, meaning you will not find a better source of answers unless you

Speak to Lakshmi from India on the Paypal hotline. Or will you? If you buy and sell anything on Paypal and want to protect yourself as best as you possibly can, you can guarantee OP will act as Larry Bird on the sidelines, cheering and guiding you on.
