VOUCHES!

(Feb 14, 2016 02:38 PM)Motiv Wrote: [\[CITE\]](#) I received a vouch copy of this eBook.

I have personally used this method, and I can vouch that it does in fact make money, but it requires time and effort.

glws

(Feb 12, 2016 05:19 PM)Mario® Wrote: [\[CITE\]](#) Method: 10/10

He gave me one method out of the multiple he had and it is very interesting. The method is quick, easy, and guaranteed. He also gets straight to the point, none of that BS filler stuff other eBooks use. There is no way the method would not work. I personally have never seen this method or even thought of something similar.

Ease of Use:

This method can be used by anyone. It is very simple and has step by step instructions so even a noob could do it. After only one read through i completely understood exactly what i had to do in order to use the method effectively.

Conclusion:

I will be using this method myself because it being so unique and unsaturated! Thanks for sharing it with me :)

(Feb 13, 2016 10:01 AM)Swift™ Wrote: [\[CITE\]](#) OP provided me with a review copy of this ebook, so here's my review - as always, I'll try and keep this review as honest as I can:)

The first, and main point I'll answer about this ebook is whether it's worth buying, and whether it's really possible, using the method in the ebook, to make money just by playing CS:GO. The ebook that OP provided me only contained one method to make money playing CS:GO, but the thread advertises that you can buy up to 2 methods. As a result, I can only speak about/review one of the methods, and I can't comment on the other method as I don't know what it is, but in regards to the method I saw, I'd say that it's definitely possible to make some money using the method provided.

One important thing that I feel the need to highlight is that the ebook does not teach you how to monetize the method itself, rather it provides you with a method that you can monetize in any way you want. I think this is both a positive and a negative, as although it means you'll have to play around with different monetization methods yourself, it gives you a lot of ability to make the method unique and customized to your own needs - as a result, it's also fantastic if you're someone like me who doesn't want to take part in any blackhat/illegal stuff, as the method itself is not illegal in any way, and you can monetize the method using plenty of legal methods yourself.

The quality of the ebook is decent - it's very short and it's not extremely detailed, although I

suppose this highlights the simplicity and easiness of the method. It would be nice if OP gave a few examples in the ebook, but none the less it's very easy to understand and you shouldn't have any problems following the instructions in the ebook itself.

The method shouldn't be easily saturated, although if it was ridiculously overused I suppose it could become saturated, but it seems extremely unlikely.

Overall, I'd give this ebook a 7/10. I hope my review is of use. Thanks!:)

How can it be "guaranteed" to work when you yet havent made Some money (?)

Philip J Fry - February 12, 2016, 4:30 pm

(Feb 12, 2016 05:27 PM)1tap Wrote: [\[CITE\]](#) How can it be "guaranteed" to work when you yet havent made Some money (?)

Because the method is simple and unsaturated, anyone can do it, so it is guaranteed to work.

He asked for a vouch copy and posts the review up 5 mins later.(notice how he deleted his original post asking for the vouch copy)

I doubt he even read it and he says it works

He posted a quick review because the ebook gets straight to the point and is quite a simple and easy guide. Now unless you have something productive to add get out of the thread please ?

What kind of question is this?

If you have any questions about this PM me.

I still have one vouch copy left

Swift™ - February 13, 2016, 9:01 am

OP provided me with a review copy of this ebook, so here's my review - as always, I'll try and keep this review as honest as I can:)

The first, and main point I'll answer about this ebook is whether it's worth buying, and whether it's really possible, using the method in the ebook, to make money just by playing CS:GO. The ebook that OP provided me only contained one method to make money playing CS:GO, but the thread advertises that you can buy up to 2 methods.
