Thread: [Kioshima's Buying BTC Shop \[My PP -> Your BTC\]\[Verified\]\[Clean Funds\]\[5-15% rates\]](#)

Kioshima - February 13, 2016, 8:30 pm

I will be buying BTC consistently for around \$100-1000 PP a day, so the rates depend on the number of people who are selling and amount.

Usually around 5-15%. Verified PP. PM me if you're interested. I will not go first.

Stock: \$550 PP
