I am in the process of releasing my own VPN service, so I want to give something to this community.

Information.

Start date: 02-16-2016

End date: 02-21-2016

I will be giving away 10 beta access keys, and they will be lasting for 1 month.
Winners will be chosen at my direction, mostly based on the continent you are located in, as I need testers around the world.

Features:Fast connections (100mbps or 1gbps)
Encrypted connection (AES-256 Encryption)
No activity logging
Unmetered bandwidth
Multiple locations.
Port forwarding
DDoS Protection
OpenVPN Custom client (Easy to connect)
TCP and UDP connection
No personal information stored or required

I need beta testers that use the VPN as often as possible.
Please use the following template to enter for the giveaway contest.
