Thread: [\[NEEDED\] Anyone have a DNS amp multi-thread filter?](#)

NKingdom - February 16, 2016, 9:00 am

Anyone have a DNS amp multi-thread filter?

As I only find one which is single thread. May be i am a bad searcher.

NKingdom - February 26, 2016, 4:18 am

Or how to do a DNS scan & filter?

SirNoobHack - February 26, 2016, 4:21 am

Wait, do you want to scan for recursive DNS servers & filter the servers that responds under a certain limit?

Yes

Sokazoo - February 26, 2016, 4:53 am

Searching the same thing. Maybe someone has this.
