Vouch for in4m0us! Really helped me. Thanks!!!!

brandonelliot - February 18, 2016, 12:12 pm

Would like to give this product a try. Can you give me more reason why i should buy this macro exploit?

Proxseas - February 18, 2016, 1:12 pm

Vouch. I use this young paddawan whenever I want a file to be FUD for a very long time.

Up and ready to crypt your malware!

DI?E - February 29, 2016, 6:09 pm

Does this work with .jar files?

Stellen Sie TT - March 1, 2016, 12:13 am

Is it only Macro services you can offer?
What about silent?

Yes it is.

kucykucy - March 16, 2016, 7:12 am

Macro exploit for such amount?

Yes. We provide manually coded builds which provide the best possible FUD for a .doc file.

Dark.Shadow - May 12, 2016, 11:55 pm

Sent you message on skype. i am looking for single file crypting of netwire and LL

Dark.Shadow - September 16, 2016, 10:51 am

Any update on my request for silent exploits?
