A gift is a gift. You don't buy gifts for yourself. You don't give yourself gifts on Christmas. Unless you're Dragnite, because then you're just a mentally challenged guy sitting in his living room trying to sing Christmas songs while tears are running down his face because he got no friends that want to play with him.

Friday, 13th February, 2015, 07:39 PM - I didn't trust you jew ass with my money on that day so now you're upset that you didn't get to steal it all for CS:GO skins.

You sit around by yourself in a pool hall getting judged because your friends don't want to have anything to do with you so they blow off every single plan you make with them and go no sorry and then you go back to your shitty dorm where you cry yourself to sleep watching Suits on a fucking iPad sized TV and wish to kill yourself.

The highlight of your life was grinding on that guy and doing a naughty thing in your pants.

Mr. Robot - February 20, 2016, 9:40 am

Mine are all from other users and have like close to 20 people wanting to pay for my upgrade to ub3r one day.

Congrats on the award OP, I have a sense of humor but not enough jokes to make others laugh - I hate regurgitated shit :D

Hope you stick around and enjoy your time! Maybe I will get the chance to work with you on something in the future.

And all of this coming from a guy that thinks he's edgy because he can steal bikes from kids that he don't even know, not to mention he also robs houses - like the real burglar he is. You can't really say anything about my friends when all you do is hang out with kids aged 14 to 16 years old, all because people your age don't want to hang out with you because you're mentally not developed as them. I'm really looking forward to the next time you're high so you can spam the chat with "whooo dude i'm hiiiigghh as a kite", because that honestly makes you look really cool mate, it's making me wish I

had such a thrilling life as yours. Oh yea, didn't you also get fired from Game Stop? How the fuck can you get fired from Game Stop? Did you jerk off in the handicapped stall and told everyone you killed your unborn babies?

You can't really say anything about my friends when all you do is hang out with kids aged 14 to 16 years old, all because people your age don't want to hang out with you because you're mentally not developed as them. - Someone is butthurt because I'm actually having friends around my own age, just because you want young children around friend.

You're actually getting so butthurt because I can have a good time and you can't because you're some straight edge loser.

Oh yea, didn't you also get fired from Game Stop? How the fuck can you get fired from Game Stop? - Store shut down and moved, what do you expect? Are you actually that retarded or something? The store's gonna keep all their employees when they move to another town, sure.

That award is no longer obtainable right?

Soulmate - February 20, 2016, 10:46 pm

I remember trying to give Omni \$20 for the green award so he would reconsider me for ub3r since I was denied for a few years but it didn't really help my case and later I got FPS Gawd instead

No it doesn't count, what "skills" do you have if you buy an award? I will donate to HF in the future but not for the awards. I like the grenade one.
