That's just my stipulation for regular members. It shouldn't be that hard to keep a 0%. ? I'll modify to under 25%.

I have an Xbox so I wouldn't enter anyway LOL

I'm just saying, the warning level I have now was for me talking to my friend how we always talk but someone reported so I got reported for harassment or whatever, but the user I was doing it towards was my friend and thats just how we talk someone else just randomly got butthurt.

My other warning level was literally for giving away under \$5 is this section because the section rules got updated and I never noticed.

I'm just saying it's stupid to judge someone's "Hqness" over their warning level as their always spastic and not reliable.

Decoyshot - February 20, 2016, 10:27 pm
ill take number 6 please wish me luc
