Thread: [I sat in a puddle of piss](#)

Misty - February 21, 2016, 1:10 pm

So I was coming home from uni and it was raining. I get in the bus and find a seat. I sit down and felt something wet on my ass. I think it's probably water or something. I smell it and it's piss.

I get up. Freak the fuck out. Move to the back of the bus and use tissues to wipe my ass to get the piss out of my pants. It was all wet and it was in my boxers as well. So disguising.

I just got home. Had a shower. Threw my jeans to the side. I wore them 3 times total. My black jeans got ripped and had to be sewn today for the second time.

I'm so pissed off guys.

Edit: Fuck Stagecoach.

PirateCr3w - February 21, 2016, 1:13 pm

Free golden shower... or bath... quit complaining, a lot of people would love to be in your situation!

SIM-2502833 - February 21, 2016, 1:13 pm

Wow. I feel horrible for you. People are disgusting sometimes. But other times, it isn't like that (Elderly people don't realize they need to go > lose control > too embarrassed to say something)

PureAddiction - February 21, 2016, 1:13 pm

RIP your pride & dignity. That's horrible. RIP your jeans that you've only worn a few times. You will never be forgotten.

(Feb 21, 2016 02:14 PM)Minimalist Wrote: [\[CITE\]](#) What's the story with the other pair ?Bought a pair of skinny fit black jeans from Next in June. Wore em every day and it became my favourite pair of pants.

I wore em till they ripped. Got my mum to sew the crotch area. Wore it for another week.

Today I wore my blues and they got soaked in piss.

My mum has sewed the black pair for the second time. It's not going to hold on much longer. Going to try my luck with the black pair.

My life is falling apart! Hold me HF pls!

You at least washed them, right?

I never had the need to as my clothes are spotless. I only wear em to leave the house for few hours and come back. I then change in my regular home clothes each day.

The joys of public transportation. At least you didn't have to sit next to somebody playing songs on their phone without earbuds.

I sat in my buddy's dogs piss. But I imagine sitting in human piss would be so much worse. Animals don't gross me out but fuck, humans. Diseases . If you had a cut on your ass and the piss had blood in it which was hiv positive you could get it.
