Deathiant - February 22, 2016, 5:06 am

Looking for three High Quality trusted members to give vouch copies to, so they can provide vouches for my offshore bulletproof VPN Setup service, that way the quality of this project is clear. Please leave a reply below if you are interested, do not PM me as I will not check it. Leave a reply below, and I will pick the three people to test out the VPN.

Good Luck

Great, I'll set up a trial VPS and sort it out then send ya the .ovpn file through VPN. It will be up for 3 days, just try whatever you want on it, then leave honest feedback on my thread. expect a PM sometime tonight or early tomorrow morning
