Thread: [Upgrading 2 Members.](#)

Savage Matt - February 24, 2016, 10:31 am

I'm setting a contest up, it's very simple the contest will be up until March 4th I'll be selecting one normal member to get promoted to L33t and One L33t member to be promoted to UB3r. L33t members must provide proof they're able to be upgraded. Simply Pick a number 1-100 I'll be choosing 2 numbers at random. Let me know if you have any questions. I've been feeling generous lately haha.

EDIT:

[img]http://i1122.photobucket.com/albums/l522/l2pkscapematt/ANDOM.ORG%20-%20True%20Random%20Number%20Service20160303131812%201_zpsdinx9dety.gif[/img]

I'll edit with the winners name and I'll purchase it no later then tonight. If there were multiple numbers picked of the winning numbers I'm going with who chose them first.

EDIT 2: The l33t winner was selected, congratulations [Tevaate](#) I'm running random number generator again to find a winner for the Ub3r prize.

EDIT 3:

Several comments are multiple numbers or just a simple comment with no number involved, plenty of numbers are still for the pickings.
