Well since i saw that the Raw came out and i dont know enough Japanese to even try to watch one without da subs. Hopefully we can get a translator on it and i can watch more tohka!

Even if its raw, I can understand a lot of it :D

I've been waiting for this for months. Just finished downloading the raw a few min ago, but will probably wait until I have time and subs to watch.

Also waiting for WUG movies to be subbed.

It's been out for awhile now, is it subbed now or something?

EDIT: Ya it's subbed now

EDIT: EDIT: Just finished it, it was alright. Not worth the wait though
