2/5 COPIES LEFT!

(Mar 8, 2016 09:57 AM)Prettykitty Wrote: [\[CITE\]](#) Great to see someone buying, this is one of the most creative guide I've read, just remembered to start doing this now.

BTW I do not know the creator of the book i'm just a happy customer.

(Feb 28, 2016 02:44 AM)L?YLE Wrote: [\[CITE\]](#) Vouch for my friend! Method works like a charm! It's worth it!

(Feb 27, 2016 05:40 PM)Prettykitty Wrote: [\[CITE\]](#) OP was kind enough to send me a copy to test. This guide is provided in a PDF, contains 6 pages. Straight to the point. Very simple and easy to follow.

It's written in detail and provides very helpful tips, and even bonuses to get you started.

Impressive originality. I have never seen anything like anywhere, let alone HF. It's very creative, doesn't need investment other than a camera, computer, and some time to start up.

This is as simple as it gets. The only real work you have to do is in the beginning, the initial starting requires a bit of time. Once you get it going it's as what applejuices says -autopilot.

If you plan on not working after the initial set-up you can look at anywhere of 30-300\$ that month. Usually 30-50\$, this is 3x the amount of buying this guide!

Op is offering pm support as well. This guide will never be saturated, part of this method is done online, and can be done on many places. The more pictures the more money you earn.

You can start earning in 3-7 days. Quite a good guide if you're looking for some passive income.

I will be trying this in a while, will update this post or make a new post. All links are provided in the ebook. I have some reading to do before I start.

4.5/5 overall ?

This method is pretty easy to use no hard work or need any skills .

This method can't provide you big amount in short time but a stable decent amount .

There is nothing to say more about the e-book but just one sentence

That method worth's what you paid and will back your money easily .

Overall - 9/10

Will this work worldwide?

Yes.

What payment methods are there?

You can use this method on more things but the thing that i'm talking about the most in the ebook can payout in prepaid mastercard, paypal, bank transfer or a paper cheque. But there are more ways

Am I available for a vouch copy? Looks so good man haha

N1nj4Styl3 - February 27, 2016, 5:02 pm

Is there any vouch copy left? I'm a photo-maniac myself and I could write a honest & long (depending on the content/details/info) review of your product.

Also, if you have the time and the ability.. correct the following: "Will learn you" by replacing "learn" with "teach". ?

RaiderNation - February 27, 2016, 10:12 pm

How strict is the +18? Also what payment methods are there?

What's the initial investment after purchase of method?

Do you have to literally take pictures or can they scraped of the web?

Is this about selling the pictures on a certain website?
