Decent shot, the cars are nice but you could've done better with capturing the image.

It's too symmetrical, and therefor boring or dull.

Our eyes like to correct pictures and compositions that are off balance, this creates entertaining compositions.

Dunno what you mean with shot but someone shot my whole ar with a pistol or some shit last year. Good thing it was my old car.

We don't have Peugeot here in the U.S but I'm very familiar with them, and I like the 307 it's cute... I think you should white out the wheels instead.
