Thread: [\[The Order\] Instagram 1k Followers/Likes Giveaway!!!](#)

Baba Yaga - February 29, 2016, 9:40 pm

I will be hosting a giveaway for 1 member to receive 1k Instagram Followers or Likes (one or the other, not both). You can use the Followers or Likes on different accounts/pictures, so long as the total sum is 1k. An example would be 500 followers on one account, and another 500 on a second account etc. I hope that people find this useful in some aspect.

Winner:
EMINEM_temp

Rules:

- *This is post to enter contest
- *You can post multiple times
- *Winner will be chosen in the coming weeks (a set date will be placed at a later time).
- *Current reputation must not be negative

End Date:
OVER

Please stay tuned for the next giveaway. Hopefully this will be a continuous thing for me in the future with more awesome prizes to give away to this community ?

Followers aren't bottd, I will be sending it via shoutout. Also, when I mean no negative reputation, I

mean that your current reputation must not be negative. Thank you for pointing that out and I will update the post accordingly ?

Ok, removed any mention of The Order in my post. Sorry for the misuse of it. I will prevent from doing so in the future. I honestly meant everything in good faith. I did not want to cause any trouble in doing so, please forgive me. Thank you for letting me know ?

It's fine. Just let us know if you want to use our branding first. I'm sure we would be more than happy to let you use it.
