The page seems sketchy as hell. I feel it's just to grab addresses, emails, etc..

Corwin - March 1, 2016, 4:03 pm

Or you can get them from your local clinic

BigG - March 1, 2016, 6:55 pm

If there's one thing you don't wanna save money on it's condoms bro ;)

Myriagram - March 1, 2016, 6:56 pm

I can get a bag full from my local hospital here.

Djehuty - March 1, 2016, 7:02 pm

Sent a few packs to some people, not using my own address, fuck that lol

iDuL - March 1, 2016, 10:18 pm

Just visit your local teen clinic. Bags for free.

Oddissee - March 1, 2016, 10:19 pm

Dang I kinda want to save money on condoms.

Oh well.

I'm going in without armor NIGGAAA

crimsoncypher - March 4, 2016, 8:15 pm

It would be faster, and more reliable, to just visit your local Adult Toy store, and get free ones. Probably going to be just as safe as whatever you get on that site.

jont - March 7, 2016, 5:21 pm

Also, you could visit your local student union (at any college)

liquidish - March 8, 2016, 11:04 am

i think your local clinic will be the best bet

Arrakis - March 8, 2016, 2:41 pm

If this is real it's only for UK residents.

<http://www.KeepItWrapped.co.uk/thanks/>

this is a fake website, you will receive nothing

Eyeborg - March 14, 2016, 2:41 pm

There's just something sketchy about that site that I don't trust at all. Besides, I wouldn't want to use some random free condoms I got on the internet for free from this random dude. There's plenty of places to get some for free and there's always Walmart if you have a few bucks.

Tomb Raider - March 14, 2016, 2:43 pm

I tried this website 3 years ago and nothing ever arrived. I am in UK too.

Flared - March 14, 2016, 2:49 pm

Wait everyone's saying you can just get free condoms from a hospital, can you really? Why is Trojan still in business then.

ojojojjojo - March 18, 2016, 2:30 pm

haha lol it is useless just buy it in your next store

?M1N?M - March 19, 2016, 2:08 am

I get them for free from a learning center. I use them as socks.

Hendersott - April 28, 2016, 1:35 am

iDuL - April 29, 2016, 3:18 am

Sometimes I think this free shit only baits you out for your address so you get junk mail.
