Thread: [What do you do to get your rush?](#)

As a bit of an adrenaline junkie, I'm always looking for the next thing to make me feel alive.

For me it is usually things like snowboarding, rock climbing, skydiving, mountain biking, or base jumping(only been once though).

What does the rest of HF do to get that 'alive' feeling?

Definitely snowboarding. I love the snow, and snowboarding has always been a thrilling part of my life.

Fly around on my crosser trying to attract the police for a nice little chase.

For me it's something a bit less extreme: Hiking. Just me, myself, and a hiking trail.
