Thread: [Time to say goodbye](#)

Kill?Muvz - March 3, 2016, 9:18 am

I have come to the decision that it is time to leave HF for good. I have enjoyed my time greatly, I have made great friends and gained much knowledge. Unfortunately it has also brought a lot of problems and stressful times.

Special thanks to Bull, who know seems to ignore me, Ray ray, Zigidev, Mad, Looka and every close friend who has helped me in my journey.

Omni, you have me on your ignore list so I can't PM me, but if you read this please close my account for good. Thanks for the good work you do for HF. I will selfban for the maximum amount of time just in case you decide not to close my account.

I remember when I first started my journey on HF, a little skid that knew close to nothing about tech and coding. Now many years later I have developed skills that will greatly assist me in the future.

This whole situation with the police is part of the reason why I have decided to stop visiting HF, too many assumptions that if you post in a forum with the word "hack" in you must inadvertently participate in illegal activities - which is not the case in my situation.

Piece of advice: be careful who you make friends with, don't trust anyone online, don't do stupid stuff and paying 1k+ to have nice awards is not worth it.

Goodbye.

P.S I will wait maybe up to a day so I get a chance to read my friends replies. I will probably still be on skype though, so if you need help with anything coding related you can approach me.

Someone in RL gave me the same advice last day and I still don't understand why he said that. Does that mean someone here is a snitch?

I didn't claim I was different. Glad we were never acquainted.

Jordana Brewster - March 3, 2016, 9:37 am

Good Luck with wherever life takes you (:

I remember seeing you active around the site when I first joined here.

Hard times have come and gone, and in the shadows of it all at least it's great to see you wanting to move forward with your life. Best of luck in the future.

Omniscient - March 3, 2016, 9:48 am

Best of luck to you and I will close your account per your request.
