Thread: [50 /1 Xlamatic Cryptor | Demanded FUD | DR-0 |](#)

cyberexpert - March 4, 2016, 6:09 am

HELLO HACKFORUM

In this post I am going to Re - establish the new form of cryptor
which i have created Functionality is Unpredictable

Add me on skype

sniper.experts

Highly demanded detection rate 0/0

Even on user demand i could make the according cryptor

.....the Xlamatic is UNpredictable.....;

FEATURES ARE :-----

Open source license OWN LICENSE -- Standard Linux GPL license

Forces you to burn a recovery CD

Works with RAID volumes

Hidden operating system

Cross platform (Windows, Linux and MAC)

Option of cipher for full disk encryption AES, Twofish, Serpent & cascades AES, Twofish, Serpent & cascades

Supports keyfiles for full disk encryption

Can place bootloader on external device

Can create single encrypted containers

Portable mode YES (admin rights)

Encryption of external devices (USB, etc)

contact me on skype

since the post are less , I am not allowed to provide you such extension

? sniper.experts ?

I don't know why but i really trust him, he made some interesting posts, am gonna add him Skype
just for talking with him ?

Let's see how he's brain is working :D

I saw 2009 ubers with 1000 rep and some K posts scamming for 50\$ so what is trustworthy today?

Frenzied - March 5, 2016, 2:19 am

Cant even call what he's making by its real name, tries to sell it. "Crypto" XDD
