Thread: [Minecraft server animated banner](#)

Forum Developer - March 5, 2016, 6:06 pm

Looking for an animated banner for a Minecraft server. The server is going to be popular soon, as we'll be finishing the touches on it and upgrading, as well making marketing arrangements.

We currently have no budget, so instead we will be rewarding the servicer a moderator rank on the server.

Contents: Faction Assassin = Name

Dimensions: 468x60px

If you do this for us, you will be rewarded a Mod rank if you play.

Server IP: [ebonycraft.serverminer.com](#)

Also, we're looking someone to sponsor us with a domain name, whoever does this will receive a moderator rank as well.

Thank you! ?

Hey I could hook you up, that's if you still need it :P

Forum Developer - March 6, 2016, 1:25 pm

Yes I still need it, you can join the server with [play.factionassassin.net:25576](#) right now or use [mc.factionassassin.net](#) when the DNS switches.
