Hey mate, could you maybe make me a new thread design for my Traffic Method?

Here's the design:Spoiler [\(Click to View\)](#)

Like with my contact form, and something like Kinguins E-whoring traffic source, and add my name on the bottom instead of Gravityhub.

Thank you so much sir, if you can do it. ?

I need something simple if you are willing to help me.

So I need a window like this

[img]<http://www.afazija.ba/cimage/module/custom/image-136.jpg>[/img]

... but with American Express, Master card, Visa, Maestro and Diners logo.

Write this ... Placanje moguće kreditnim karticama do 60 rata. (blue letters)

Image size 8 x 3 cm. (width x height)

[img]http://madymaricic-dent.hr/wp-content/uploads/2014/04/credit_card.png[/img]

Btw need this asap please.

Or something like this

[img]<http://www.bosalstolarija.rs/images/products/komercijalna-banka.jpg>[/img]

Just " Do 60 rata !"
" Bez kamate !"

.. blue color.
