Thread: [Magi: The Labyrinth of Magic](#)

Quote:Dispersed around the world, there are several bizarre labyrinths hiding incredible treasures within them. These mysterious places, known as "Dungeons," are said to be the work of Magi, a class of rare magicians, who also help people build their empires by guiding them to a dungeon. Djinn, supernatural beings that rule over the labyrinths, grant successful conquerors access to their immense power and choose them as potential king candidates to rule the world.

Having spent life in isolation, Aladdin, a kind and young magician, is eager to explore the world upon finally leaving his home behind. He begins his journey only accompanied by his mentor Ugo—a djinn that Aladdin can summon with his flute. However, Aladdin soon becomes friends with the courageous Alibaba Saluja after causing the destruction of a local merchant's supply cart. In order to pay for the damages, Alibaba suggests that they attempt to conquer the nearest dungeon, taking the first step in an epic adventure that will decide the fate of the world itself.

Held back on watching that show for a long time, but I can understand now why it is so popular on MAL.

Also, is it me or all the girls in that show are super cute? I would make them all my waifus.

Yes, Aladdin and his obsession with titties. I really wanted a season 3 instead of a different story line based on Sinbad.

I didn't watch Season 2, so I cannot say anything about wanting a Season 3 yet, but Morg is the best girl. I wouldn't mind getting my ass kicked by her.

Honestly Magi is one of my favorites and if I wasn't watching so many things already, I'd probably watch it again.

One of my favorite anime. Excited for the Sinbad series.

This is probably one of my all time favorites that I'll usually recommend to people who are new to anime or looking for a funny series.

Laughed at this one.

On a side note, it took me like 15 episodes+ to get in my mind that Aladdin wasn't a girl, but a guy. These fucking bands around his chest area confused the hell out of me.

Enzio - March 7, 2016, 7:22 pm

Magi is life. Sad that they might not make a S3 -_-.
