Celebrating 1000th posts... i am making a FOTD [FactOfTheDay]

A tribute thread to my series FOTD.

I've stopped making FOTD's because people no more cares about it, and my last 1 got 7 views only....

However, lets do it.

=====

-Cockroaches are stronger in space.

-The stripes on each tiger are unique, like human fingerprints.

-An Ostrich's eye is bigger than its brain.

-Goldfishes can't close their eyes... they don't have eye lashes.

-A blue whale's heart can be as large as a car..... wonder what can the heart of a white whale be like...

-The Apollo 11 had about 20 seconds of fuel left when it landed.

-In Peru, there's a billboard that creates drinkable water out of thin air.

-It's impossible to sneeze while sleeping. [When you sneeze alot... just GTS... go to sleep.]

-Our bodies contain about 0.2 milligrams of gold, most of it in our blood.

-10% of the world population as of 2014 [i think so] is left handed.

-Napoleon, Da Vinci, Michelangelo, Einstein, Newton, Bill Gates, Oprah, Obama and Jimi Hendrix.... they are all left handed.

-More than 2,500 left-handed people are killed every year by using equipment meant for right-handed people.

-Left-handers die 3 years earlier than right-handed people.... according to a study.
But that doesn't mean you are going to die early, its just a study.

-There are more left-handed people with IQs over 140 than right-handed people, a study found.

-A space suit costs US\$12 million.

-You can't cry in space... your tears won't even fall m8...

-According to astronauts, space smells like seared steak, hot metal and welding fumes... i can't imagine that....

- The International Space Station is the most expensive object ever built, at US\$150 billion.
- An average person in the U.S. eats 35 tons of food in a lifetime.
- The average person takes 183,755,600 steps in a lifetime.
- 7% of religious Americans pray to God about finding a good parking spot.
- If you have a pizza with radius Z and thickness A, its volume is $=\pi * Z^2 * A$
- In 2011, a woman bought a "non-visible" piece of art for \$10,000.
- You can change your language on Facebook to "Pirate."
- Iran arrested 14 squirrels for spying in 2007.
- In Texas, it is legal to kill BigFoot if you ever find it.
- A man was jailed and fined US\$1500 in Oregon, U.S.A., for collecting rainwater because it is considered 'property of the state'.
- Cotton Candy was invented by a dentist.
- In 2012, a couple invited Queen Elizabeth II to their wedding as a joke, and she turned up.
- Hitler was nominated for the Nobel Peace Prize in 1939.

And for the last fact.. for obama..

-There's an Obama Fried Chicken (OFC) in China.

=====

That took me countless effort,if you want the FOTD series to continue,write a reply... show me some feedback.

Thanks,cya.

As expected... got no replies + got negative rep 4 no reason.
