Thread: [The Irregular at Magic High Season 2?!?!](#)

Esdese - March 7, 2016, 4:15 pm

ight bois, it seems we MIGHT finally be getting season 2 ?

They said with the next printing or whatever of the next volume they are gonna be announcing something huge, and let's pray it's going to be a season 2 of the anime. Or at least a movie, I'd settle for that.

Same, it's either S2, a movie, or an OVA.

I really hope it's not an OVA

Laughing too hard, woke up my parents and got spanked for it.

But 10/10, saved and will look and laugh at it again.

And fuck, it's about time for this show to have a Season 2, the ending of S1 is just a fucking cliffhanger, so many questions remains unanswered.

grady - March 7, 2016, 7:09 pm

Yes, finally.

I've rewatched the first season like 3 times so far.

Fucking love every bit of it.

Also, does the manga/light novel or w/e take the story further than what the anime did?

I'm rewatching it the 3rd time now :D

And ya the LN takes it further ofc, the anime took place between vol 1-6, while it skipped 5.

They are on 19 right now :D

It's also the 2nd highest selling Manga right behind SAO.

After reading this thread...I gotta start watching this after I power watch gate!

skelly76 - March 7, 2016, 9:54 pm

Let's go bitches I loved this shit. Such a bs cliffhanger.

Lone - March 8, 2016, 3:16 am

I've seen S1 like 3 times, everyone I know online has given it a bad review surprised to see more people who enjoyed this.

Tesssa - March 8, 2016, 3:33 am

Go read the light novels too, things are so awesome in the current arc!

Duyere - March 8, 2016, 5:04 am

I disliked season one. A season two is definitely needed, but I'd hate to see if it were just as bad as the first.

Well... LN > Manga...

The second link is where the group that's currently translating come to inform us. Haven't been too active lately, probably due to studies.

Pillows - March 8, 2016, 8:47 pm

Please I need this season 2. This is like crack for me

Ang?I - March 9, 2016, 9:55 am

Kinda disappointed that we're only getting a movie.

Same. :/

Let's hope it's one of those movies that sets up for a second season!

majordookie - March 12, 2016, 1:04 pm

The show was great, and ended on a pretty bad note for me. I really wanna see more of those super well-animated training battles.

(Mar 8, 2016 08:08 AM)Esdese Wrote: [\[CITE\]](#) Yeah...no idea how/why people hated it I hated it too, because of how the anime was going around the bushes of how there's difference between weed and blooms. It felt like there was no substance. I went on to read the LN a year after though, and got hooked. I believe I hated it initially because it lacked context and settings in the anime.

Kiyoshi - March 13, 2016, 5:33 pm

I would not say no to a season 2 - I'm ready for it.

I also heard there is a movie coming. ^_^
