Thread: [K6NG STUDIOS //FAST //HQ //VFX&GFX //CHEAP //BTC](#)

STATUS : ONLINE

[CLICK HERE FOR PORTFOLIO](#) I made this thread design as what I felt, I am a simple person so the thread design had to be simple aswell. I just got hit by a car while riding my bike so felt dark. I really like this design and feel like typing this and letting you guys know that this is my preference on the thread design.

Vouch for K6NG STUDIOS, he made it quickly and it is amazing. He even live streamed himself making the design for me which was very cool of him to do. Huge vouch.

He's a cool user! I talked to him over Skype and he made some decent graphics for my website. I'd recommend this guy to everyone, he's easy to talk to and gets the job done.

DID NICE GRAPHICS WORK FOR ME, MANY THANKS!!!

k6ng - March 17, 2016, 4:39 am

Just got back from a 3day ban, still doing this service and doing it fast!

I also started doing the designs over Join.Me so we can discuss everything and it will be exactly how youd want it.

Looks like no one is looking for any graphics, that sucks.

Might close this service since I've only gotten scammed/made alot.

Quality thread designs, made a few for me and Travis Bickle and some of our upcoming products. The designs are gonna look FIRE.

Portfolio or previous work for your VFX? Do you copy templates, or make your videos from scratch? I'm interested.

I used to do these like 1 year ago but since it takes alot of effort I just didnt enjoy it that much. If you find a template I can make it yours but I can also make them from scratch.

Too bad I lost all my previous work due to a closure on my youtube channel.

Hope we can do buisness. ?

Thanks, can you now stop with spamming the market for posts?

Stopped doing this service due to getting scammed and not feeling that its paying off enough when they do actually pay.

If you still need anything pm me.
