Thread: [TheChief's Currency Exchange Service | PayPal - Amazon GC - BTC | \\$80k+ Exchanged](#)

TheChi?f - March 10, 2016, 11:37 pm

[Notorious] TheChief's Official Currency Exchange Service

Turn your face to the sun and the shadows fall behind you.

Description:

I'm currently offering the following service(s):

1. Exchanging my BTC for your Amazon.com Gift Cards (GC). (I'm buying your AGC)
2. Buying BTC with my PayPal.

Amazon Gift Cards:

I'm currently looking to buy Amazon.com Gift Cards at a reasonable rate of 70% Bitcoins (or any other cryptocurrency). These gift cards should be obtained from legitimate sources, and I'm also available to purchase your Gift Card balance (negotiable %).

Just use the format stated below or directly PM me if you'd like to exchange.

PayPal:

I'll be sending payments as Goods/Services from my Verified PayPal account. I am buying your BTC with my PayPal.

Current PayPal Stock: \$700 (USD)

Rate: 5-10%

Format:

For PayPal:

Code [color=#ea1919]Amount of BTC to be exchanged:[/color]

[color=#ea1919]Do I accept the ToS?:[/color]

For Amazon.com Gift Cards:

Code [color=#ea1919]I offer:[/color]

[color=#ea1919]Do I accept the ToS?:[/color]

T.o.S.

I don't go first under any circumstances.

I may refuse to deal with you.

ToS and availability is subject to change(s) without prior notice.

In case of Amazon Gift Cards, by dealing with me, you take responsibility of the card that'll be sold to me and you'll be responsible to refund me in case the AGC is locked/taken back. Failure to comply will lead to a deal dispute.
