Thread: [User Medal UID- 1914698 Leaking My Method !](#)

Elijah Mikaelson - March 12, 2016, 7:06 am

Hello guys! So I sold my method to [Medal](#) We agreed on \$250 first then he'll send rest after he got some AGC. (he hasn't made anything).

Then his irl friend contacted .Fox telling him I've resold the method (I had the right to). His irl friend asked me many questions involving the method.

We agreed not to No leaking, No selling on HF, nor reselling. Yet user leaked the method to his irl friend.

I didn't get a screenshot of him saying the method, but I'll edit thread when I get the time.

The picture above shows me asking him who's the guy that told you the method.

Your little ponzi scammed failed my friend.

You never had the right to sell anything, that's why fox isn't paying you \$1000.

You broke the terms you had with fox.

Lol.

Terms weren't broken, he said as soon as he got setup, I had permission to sell. You can contact him yourself.

And you did.

I even have HF PMs saying you didn't sell, now you are changing the story.

Fox told me himself I saved him \$1000.

You saved him 1000 ? How's that ? When he'll still pay me the 1k ... Lol. I don't understand ?

That's true, but we were in a discord chat, and Medal told him about the method, and he was telling .Fox that it was being resold. And I told fox that yes it was indeed respond. Few moments later .Fox texted me on my cell saying ' he knows the method '

.Fox has no reason to lie.

Invalid scam report,

Close this you look stupid

You change your story every time.

Here is Soto getting mad at me because I said Crusade was selling the method:

Here is Crusade getting mad at me because I told Fox Crusade sold the method he wasn't allowed to sell.

1. He never knew I sold the method (Soto)
2. I didn't want to tell .Fox till the payment was actually sent to me. But that has nothing to do with him leaking the method to you.

If fox had a problem with me leaking the method, he could have opened a scam report.

Wheres the PROOF?

LOL

So you admitted you broke the terms with Fox?

He doesn't have a problem because he doesn't have to pay you \$1000 now.

1. Why the fuck do you keep bringing up mine and FOX contract ? I don't see Game Freak in there.

2. I have proof he leaked it, how else would you know the fucking method.

3. He's still paying me 1k

Again, my and Fox agreement had nothing to do with you.

And why did fox text me saying you know the method ? And you were clearly asking me the

questions that the method had to do with.

I'm questioning you to find out the method LOL.
Where did fox text you?
You gotta show proof...
He texted me on my cell, I'll upload proof later.

And you just HAPPEN to ask the questions that were exactly like the method ?

Closing this so I don't get dick riders commenting. They'll just look up his UID and won't deal with him.

Thanks

You and .Fox both were saying all the information I said was found on the sales thread.
Never said that bud, he probably did but I didn't, I'll have fox respond also since you love bringing up mine and his agreement.

Ok, I'll upload all the proof soon, idgaf tbh. I just don't want people think I'm trying to ruin his rep or anything.

As I understood he leaked the method, if I'm wrong I apologize.
