Melees - March 12, 2016, 7:21 am

So I'm looking to invest into a BTC gambling site and idea

Looking for tips

Looking to make money, have about 25BTC currently to invest in this.

Looking for a partner also, but we must exchange personal data in order to avoid exit scams etc.

Please give me ideas and let me know!

I'll invest In anything as long as it's popular and makes money!!!!

You can earn 10k in a year from a McDonalds job..

OT: Good luck with this, I guess if you come up with a unique and addictive game, where people can win big and lose big, it should do well.

10K/year is super low. You would not be able to get 10K by working at McDonalds becuae you need to buy food, pay for rent, etc etc. Unless your 15 living with your parents, then yea, just maybe.
