Update:

Actually not very bad at all. I can't see anything that needs fixing.

CoolHackerXD - March 12, 2016, 4:23 pm

Looks great, but the "T" in "CONTROLLER" is a little bit weird to me. Were you trying to fill in the the blank space with the extra slash thing, or...?

Lor?d - March 12, 2016, 4:26 pm

I like it but the T in controller looks more like an F to me.

Looks great.

I think the only thing you can improve is the "microsoft.com".

It's a strange font, kind of hard to read.
