Congratz, I actually got fairly lucky myself. During my first iron dragon task, and on the first kill, I got plateskirt drop. Its not a massive drop but its awesome to see. :D

That is pree rad, once I was trollin' around doing an iron dragons task and pretending to be a bot. So I was wearing granite platebody and dlegs, I get like to my 13th kill (or something low like that) ever on that account and get a draconic visagee. Was insane in the membranee44
