TheLolilol42 - March 13, 2016, 6:17 am

Hi,

The user : <https://hackforums.net/member.php?action=profile&uid=2601706>

Reason : Bought his cheat csgo 3 days ago with BTC and still haven't got it.

Previous scam reports :

Same as me :

<https://hackforums.net/showthread.php?tid=5132785&highlight=2601706>

<https://hackforums.net/showthread.php?tid=5128592&highlight=2601706>

Other about his cheat :

User replied on his thread that he checked his emails but i got nothing.

I sent him 2 mails and 2 PM and ... nothing.

Here is proof of btc sent (2016-03-10 17:25:20) :

Here is a proof of mail i sent (10/03/2016) :

(On the screen at the end you can see its his email adress)

Here is him saying he has checked mails. As you see i'm not the only one to get nothing.

Although, on his site www.JuazeyCheats.com it's written :

"Then the file will be sent to you within minutes, thanks"

This joke ?

Some of other users that wait like me :

Juazy is a good guy. It is difficult however to keep up with demands as he has a lot of customers. He does respond to support he always has with me that is.

That doesn't mean that he shouldn't deliver the hacks we purchased.
