Would we get some sort of compensation for volunteering?

cheetosbabyohyeah - March 14, 2016, 6:15 am

Is this strictly voluntary and no look to getting paid in the future?

N1l0c - March 14, 2016, 6:23 am

You will get free hosting packages for now.

I don't want to promise any payment for the future as we don't know how everything develops.

I wouldn't mind assisting you, However since your saying basically work for free and that will not get you anywhere in this industry..... If you change your mind on paying someone please message me...
