Originality 10/10

I had many ebooks(purchased and vouch copies) but never seen these things in any other ebook.

Grammar 10/10

I couldn't find any any grammar mistake in this ebook.

Time 10/10

the ebook content is straight to the point you are not going to waste a minute while reading it but you'll need more time reading it because it contains 28 pages.

Content 10/10

There are total 28 pages full of best things ;)

Design 10/10

The layout is pretty simple, you'll not face any difficulty while reading it.
I have seen many ebook with irritating layout but this is not one of them.

Conclusion.

It's the best ebook I have ever read Smile

Good luck with sales, OP. ?

Purchased the E-book, and so far it's a great buy. It's relatively cheap for some good insight into the dating scene.

Thanks!

Uploader.sx - December 10, 2017, 12:15 pm

Possible to buy using BTC?

Let me know.

Fucking hell, I've seen some shit being sold in my time but this is fucking sad.

HighForYou - July 8, 2018, 11:58 am

I can see this thread is old but the selly link is still active.

I personally haven't bought this GEM yet but i will shortly , i honestly can vouch for it though. Because i've seen tons of replies from OP and he is indeed correct about all the things he says & suggests to members here about relationships & women. I wouldn't mind sending you a pm asking about your opinion on some issue i have.

anyway BIG vouch , im more than sure that this e-book is a treasure for some people!

It is still for sale, however, I have enough reviews and credibility. How satisfied are you with your

dating life?
