Thread: [\[Squad\] Make millions of bits // Bustabit Script // Start your own BTC sales thread!](#)

MathiasHansen - March 15, 2016, 11:02 am

Hello, everyone!

On behalf of Squad, I would like to give away a Bustabit script that will certainly make you money. It is quite simple, but does require you know how to paste the code into the custom betting tab.

Don't expect to get rich from this if you don't want to put any investment in. If you start with the free 2 bits, you will see increases, but certainly not as much as someone who puts in a bitcoin.

Feel free to contact me to get this guide.

God bless you all.
