Thread: [Micasa's root shop | \\$3.00 / per root | Good deal!](#)

Micasa_ - March 15, 2016, 8:59 pm

I am getting a lot of roots lately and i have so many in stock that i decided to sell them.

Specification, location, uplink are random but you will have root.
Root will be checked if it's working before being delivered.

If you are wondering what type of roots that they are:
They are servers (nix) that uses protocol ssh.

My price per root is: 3.00\$
