Wasn't private. It was a p2c that barely got released before getting cracked x

COR??X - March 16, 2016, 1:31 pm

I'm stupid. but how the hell did you get the source code? did he release it him self?

clueless_scrub - March 16, 2016, 1:37 pm

however you got hold of the source code, good job, but it's an extremely shitty cheat

looks like 90% of every other leaked cheat around here

sn0wing - March 16, 2016, 1:40 pm

What the fuck is this? My eyes dear god..

COR??X - March 16, 2016, 1:58 pm

the aimbot crashes it:(maby just on my pc duno

What this is? It is pure gold... lmao

Code if (misc_teleport)

```
{
    doAir();
    if (airstuck)
    {
        //pCmd->TickCount = INT_MAX;
        //pCmd->sidemove = 0;
        //pCmd->forwardmove = 0;
        pCvar->FindVar("setpos")->SetValue("0, 0, 0");
    }
}
```

biscuit deluxe - March 16, 2016, 2:01 pm

nice source code in headers

VirAeternum - March 16, 2016, 4:36 pm

there's so much ayyware paste in this, nice.

AvaStone - March 16, 2016, 5:19 pm

ayyware source code getting pasted into a p2c near you

Pm me with screenshots or a video so i can see

c0mpl3x_j3w - March 17, 2016, 2:04 am

Can someone upload it again please? The link is dead. Nvm I got it from ven0m.us

Also, anyone else got leaked sources shoot PM please, rage codes only or menus :^)

Code is looking super bad wtf

12bit - March 17, 2016, 3:03 am

This code is literally so much trash ._. don't understand why this shit is regurgitated over and over again.

Don't understand why this community is so much regurgitated shit though, can't they realise it's trash? Like don't copy paste some shitty cheat and take the time to make your own, instead of being publicly exposed as an actual retard.

Over 2000 estimated VAC bans per day for about the last two months, then this month on the 13th, silence... bans dropped to nothing, no higher than 200 estimated VAC bans per day.
