IPIKIN - November 1, 2016, 5:00 pm

With the half price discount, is it only for the month of November? Or if i sign up in November I will receive the discounted price going forward?

These are just install prices, you need to pay for the WHMCS licence. If you order a service in November I will offer support and installations half price.

I already have a website and a WHMCS license, I just need to set it all up and get it customer ready.

Is the discounted rate only until the end of November or the discounted price will be the monthly price every month if I sign up in November?
