This thread is inspired by :

I don't usually get drunk to the point where I lose control, but tonight I'm just tipsy.

PS. Take a look at this haircut I saw tonight.

Spoiler ([Click to View](#))

Broke up with my girlfriend of two years this week (quite a big deal if you're 18) so figured I'd let loose tonight. (LMAO I think I called her on my way home, she must have been asleep cos she didn't pick up).

Just got home and I figured I'd type this out, maybe I'll do a more in depth one in the future.

Just a simple feedback thread, I love HF, and (most) of the members.

Now that I broke up with my girl, a lot of members are providing me with entertainment/taking my mind off it on Skype, so thank you guys for that.

To the staff, shoutout to most of you. Walt, I see you banning members willy nilly ?

Omni, that RKO you gave me was kind of unnecessary I can't lie, but what you do generally around the forum is appreciated.

All you other fuckers using the marketplace - MAKE SURE YOU DON'T GET SCAMMED. Use the trusted middlemen around the forum, I HATE seeing members get scammed.

Orgy, you're savage.

Shoutout to all the members in all the skype group chats.

Special shoutout to Travis.

Erm, groups, I don't really have an opinion any more, I have a feeling MOST of them went downhill since the fall of Illuminati/Legion, although some of them are really HQ.

If you guys want any feedback on any specific sub-forums let me know cos I browse most of them and I can tell you what I think about them.

But like I said I <3 Most members on this forum.

If you're thinking I'm PRETENDING I'm "tipsy" because I didn't make any spelling mistakes on this thread, it's because I'm fucking SICK, and I never get drunk to the point where I lose control of my actions, something you teens need to learn to know not to do.

Anyways, much love to all of you guys, feel free to PM me whenever.

<3

Take care mate. I'd suggest you to change your usertitle if you don't want to get in trouble. Nonetheless, enjoy yourself.

It's annoying because even though I don't drink a lot, I'm quite a heavyweight so it's expensive for me to get drunk, hence I've never gotten drunk.

"Thanks for your feedback."

I'm never getting the flamer award, Omni don't rate me, it's all good though, I know in my heart that I deserve it.
