Thread: [Are colored Unicode characters allowed in usernames ?](#)

**Brilliant™** - *March 20, 2016, 12:03 am*

I've been seeing a couple of members using emojis and colorful Unicode characters in their usernames, wanted to know if that is allowed.

**Mr Kewl** - *March 20, 2016, 12:11 am*

They are not disallowed unless you use to abuse them. Also I wouldn't recommend using them as if you logout and can't get your username for logging in(owait, you can login with email.)

So yeah, they're not disallowed.
