Thread: [2 copies of Old Skype Resolver Website Source](#)

The Don - March 20, 2016, 1:35 pm

Aye HF,

I have been extremely inactive and I am now getting back into HF. So I would like to kick it off by giving away 2 copies of an old Skype Resolver Source that I had made for me a long time ago, I plan on selling this soon. No Leaking. I haven't tested this source in a long time.

PM me, the first 2 Ub3r to message me that I deem trustworthy, I will send the source.

THIS IS NOT A API nor does it include one.*** This is a source.

I don't have pictures of the source ATM due to no host/localhost is being stupid. I would like to have either of the 2 Ub3r's that receive this to send a few pictures of it, so I can use for my sales thread.
