Thread: [\[VB.NET\] CUSTOM OPENVPN CLIENT \[ALL MEMBERS\] \[ADVANCED FEATURES\]](#)

Verizur - March 22, 2016, 11:10 am

I have come to the decision that I'm going to give this useful source code away for free.

This is because I no longer have any use for it as I've learned anything that I can from the source.

TO GET THIS: SEND ME A PRIVATE MESSAGE AND I'LL REPLY WITH THE DOWNLOAD LINK.
