I haven't made one of these ever and it's coming up 3 years of being a member here, it's honestly been a great time I've met quite a few people who I talk to daily.

A little bit about me: I'm 17, I spend the majority of my days on HF and that is all to know lmao

Message to Omni even though you'll probably never see this: You're doing a great job, after running this forum for so long idk how you've done it. I'd like to thank you for giving me the opportunity to return. Keep up the great work.

Sectional feedback:

Lounge: The cancer of the forum. I love it.

CS: Glad to see all the shit posters & multis being eliminated from this section & HF.

Movies, TV, and Videos: Too many spoilers & what should I watch threads.

Runescape: Slowly dying, nothing interesting in there nowadays.

Website and Forum hacking section: this section is beyond a joke.

Group Feedback:

Null: Seen nothing from this group in ages, but who knows what lays in the sf, probably nothing but eh.

Echo: I'm only in it for the userbar, ok jk I would like to thank the leaders & ofc arrow for allowing me stay for so long, best group. (love u arrow)

Nightmare: The GRim ><>

Dawn: It's a cool group to be in.

Enigma: You should have gone with that you were going to originally have done with the group Serity.

Eternal: lol

Titans: Cool events & stuff

Memegang: only unofficial group I rep!!

If I left your group out nothing personal, just haven't seen enough to have left my opinion on it.

Shoutouts:
