Thread: [how do i permanently turn off real-time protection on windows 10](#)

KingUnbound - March 23, 2016, 10:57 am

it says if disabled for a while it will automatically turn back on, it keeps removing my luminositylink is there any solution to permanently turn it off?

Nachfolger - March 23, 2016, 10:59 am

Are you talking about windows defender? You need to whitelist it (the exe) in the settings.

inb4 dank.exe

but yeah I also used a registry file to perm disable it

- 1) don't steal from people using malware
- 2) it has an exclusion system...
